Subject:- PROCEDURE FOR THE MAINTENANCE AND OPERATION OF REVOLVING FUND ACCOUNTS OPENED FOR IDA/IBRD CREDITS/LOANS.

Dear Sir,

Please refer to this Division Office Memorandum No. F.2(3)-B(S)/84-1338/85, dated the 3rd July, 1985 on the subject noted above (copy enclosed).

2. It has been laid down in para (V) of the 'Procedure for the Maintenance and Operation of Revolving Fund Accounts opened for IDA/IBRD Credits/Loans' appended to the above referred Office Memorandum that on receipt of first and subsequent credit advices from the Federal Reserve Bank, New York, the rupee equivalent of the Foreign Currency will be credited to the Federal Government's Account under the head "2300-Public Debt – 2330-Foreign Debt (Permanent) – IDA/IBRD Credit/Laon No..... for Project" and the Chief Manager, State Bank of Pakistan, Karachi, will authorize to credits in the relevant 'Revolving Fund Accounts in Dollars'.

3. Since the 'Revolving Fund Account in Dollars' will be in the nature of 'Assistant Accounts', the authorization of credits into these Accounts will not involve actual transfer of funds. The State Bank of Pakistan, while authorizing the credits into 'Revolving Fund Accounts in Dollars', would make the following entries for rupee equivalent in Government Accounts under intimation to Treasury Officer of the District Headquarters where the particular Branch of National Bank of Pakistan is located as well as to the Accountant General, Pakistan Revenues or the Accountants General of the Province concerned:-

Debit : "Head of Account and Demand No., as indicated in the copy of Withdrawal Application".

Credit : "4111-Assignment Account (for Revolving Fund under IDA/IBRD Credit Loan No. for Project.....)".

4. When payments are made by National Bank of Pakistan against the balances in Assignment Accounts and re-imburements in respect of such payments are made by State Bank of Pakistan, the 'Assignment Account' will be debited by credit to the head 'State Bank Deposits'. In case of payments to Foreign Suppliers etc., or other payments abroad, the National Bank of Pakistan will arrange payments through its Counterparts in the first instance and then claim re-imburements as in the cases of other payments out of 'Assignment Accounts'. The balances in the 'Assignment Accounts' at the close of a financial year will not lapse but will be carried forward to the next year. No. 70-AC.II/1-76-89

Dated:- 31-03-1992.

Subject:- **REVISED PROCEDURE FOR MAINTENANCE OF SPECIAL
ACCOINTS OPENED FOR IDA/IBRD CREDITS/LOANS.**

Kindly refer to your letter No. F2(3)-B(S)/84-463/92 dated 08-03-1992.

2. The contention expressed in the letter under reference that Assignment Account is a proforma account is not correct. It is a regular head which is opened in terms of rule 170-A of Federal Treasury Rules and accounting of the transactions passed through this head is done as per procedure prescribed in foot Note 275 of the Chart of Classification. However, this office comments on the procedure captioned in the subject are as under:-

- I) The two separate accounts prescribed in the procedure are meant for NBP and will not be reflected in Government Accounts. The receipts to these accounts will be credited to Government accounts by State Bank to the receipts head "2300000-Public Debt-2330000-Foreign Debt (Permanent)" vide clause III and payments to budgetary heads vide clause IV. This need confirmation.
- II) The receipt head laid down in clause III is operated in both Federal and Provincial governments books. It needs clarification whether receipts from World Bank will be credited to the Federal Government only or receipts of the Provincial Projects will be credited to the Provincial Governments Accounts. Similarly the word Demand No used in clause IV also needs clarification whether it refers to Federal Government Budget Demand only or also covers Provincial Governments budget Demands. It may be pointed out that in the past Provincial A.Gs/Governments have not been

accepting debits raised by the AGPR on this account on the ground that receipts and payments were made by the State Bank direct to the Assignment Accounts of the projects Directors without affording any credit/debit to their Bank Account (No I). The result is that there is wide variation in the Federal and Provincial Governments figures on this account. In order to avoid such variations in future and to account for the transactions in the Government Accounts accurately, the following proposal is made for consideration and inclusion in the procedure:-

- (a) The receipt of IDA/IRBD credits/loans relating to the provincial projects may be credited in Pakistan Rupee to the Provincial Government Account No. I under intimation to the concerned Provincial Finance Department/Accountant General.
- (b) The Provincial Governments should make budget provisions for such projects in their annual Budget Demands which may be debited when payment is made out of Special Accounts on mentioning the Demand No and head of account in accordance with clause IV of the procedure.

- III) In order to avoid any variation and misclassification in the Government Accounts, the Project Director may be required to send a monthly statement of expenditure/receipt Loan wise to the concerned Accountant General who may compare and agree the same with the figures reported in the treasury accounts or direct by State Bank and book accurate figures in his monthly civil accounts.
3. Further comments emerging from detailed examination of the procedure will be sent later.
4. This issue with the approval of Deputy Auditor General (A&P).

**MINUTES OF THE MEETING HELD ON
23RD NOVEMBER, 1992**

Subject:- PROCEDURE FOR THE MAINTENANCE AND OPERATION OF REVOLVING FUND ACCOUNTS OPENED FOR IDA/IBRD CREDITS/LOANS.

A meeting was held under the Chairmanship of Secretary EAD on 23rd November, 1992 on the above subject. List of participants is at Annex-I.

2. This meeting was held to discuss the draft revised procedure for the Maintenance and Operation of Special Accounts of World Bank assisted projects circulated by Finance Division in October, 1992 and to develop a consensus in this regard.

3. The Chairman while welcoming the participants invited the representative of Finance Division to explain the reason for not issuing the revised procedure and inform the meeting of the view of concerned agencies departments.

4. Joint Secretary (Budget) Finance Division recapitulated that in the meeting taken by Secretary EAD on June 25, 1992, it was decided that a further meeting be held in the Finance Division to resolve the issues emanating from the Auditor General observations on the proposed draft procedures. Basically these related to the need for ensuring that the special accounts remain within the Consolidated Fund. In pursuance of this decision, a meeting was held in the Finance Division on 23rd July, 1992. It was decided in that meeting to amend the existing procedure so that flow of funds to project authorities is expedited. The following modifications were incorporated:

- a) The project authorities would give a three day advance notice in writing to the National Bank of Pakistan for Withdrawal from their Assignment Account. The National Bank would, on the basis of this notice, be placed with the requisite fund by the State Bank.
- b) In any case, the National Bank will not refuse to honour a cheques drawn by the authorized project authority within the authorized allocation, on the grounds that fund have not been actually received from the State Bank. The State Bank will not impose any penalty on the National Bank for making such (over draft) payments. The National Bank will issue a circular to their offices for this purpose.

5. Accordingly Finance Division issued the draft revised procedures. These were discussed in a meeting of Provincial Finance Secretaries on 10th November, 1992 at Lahore. The Provincial Finance Secretaries observed that they were not consulted in this regard and asked for fresh meeting, which was now being held.

6. The Secretary EAD invited the comments of the Provinces to the proposed revised procedures. The representative of the Finance Department, Government of Punjab stated that since funds were not being passed through the Provincial Account for Provincial Projects, the expenditure and receipt were not being booked. This was against the Constitutional requirement. It was therefore imperative that the project fund be passed through the Provincial Accounts No.1. The representatives of Finance Departments, Government of Sindh and NWFP also supported this view.

7. The Additional Chief Secretary Sindh Government did not support this view as this would delay release of funds. Lapse of funds at the end of a fiscal year would create further problems. This was also reported to be the view of Chairman, Planning and Development Board, Punjab. The Provincial Finance Departments, however, assured that delays would not take place as the Special accounts will be credited promptly and the lapsed balance would be reauthorized in the succeeding fiscal year. The Provincial Planning Departments would indicate the lapsed amounts to the Finance Department.

8. The Deputy Auditor General and representative of Finance Department Punjab observed that National Bank as agent of State Bank was maintaining the Special Accounts on the Commercial side instead of assignment accounts. Consequently, all transactions remained outside the Government Accounting System. This was inappropriate and National Bank should stop this practice.

9. Secretary EAD observed that this meeting was not the proper forum for reconciling the difference of view between the Planning and Development and Finance Departments of the Provinces. This would have to be resolved by the Provincial Governments themselves. The question of passing Provincial Project fund through the Provincial Account-I could then be taken up by the Provincial Governments, with the Finance Division. The Provincial Finance Departments stated that in their view the revised procedures should be implemented only after addressing this issue. Secretary EAD noting the view of the Finance Departments observed that as this could not be accepted without reconciliation of the divergence between them and their P&D Departments at this stage to avoid further delay in the implementation of the revised procedure. We need to consider whether the amendments would facilitate the flow of fund. The Provincial representatives expressed no reservations.

10. J.S (Banks) EAD informed the meeting about the World Bank's view that in the revised procedure to be issued, Project Directors should be allowed to make payment from Special Accounts for eligible expenditure, such as overseas training and consultancy, requiring foreign exchange, without obtaining approval of Finance Division. The D.S (EF) Finance Division stated that according to his knowledge if an agreement containing such provision in once cleared by the EF Wing, Finance Division, no further approval is required at the latter stage. He, however, promised to check and convey their comments/views to Budget Wing, Finance Division.

11. Subject to the above observations, it was decided that the revised procedures as envisaged in the Finance Division circular of 1st October, 1992 be issued after the following amendments:-

- (I) Modifying para (i) as it is not possible to allow non-lapse rupee accounts. However it may ensured that amount lapsed in one year is protected in the next year's allocation.
- (II) Deleting the Words "on the date transfer of funds by the Lenders or" from 5th line of para III (a).

12. It was also reiterated that the Auditor General of Pakistan may arrange a special audit of a few World Bank aided projects. Systems and procedures of audit would be one of the main areas to be looked into by the Audit. The Project authorities would be encouraged to bring to notice any problems that they face in the actual implementation of the Special Accounts System.

**REVISED PROCEDURE FOR THE MAINTENANCE AND OPERATION OF
REVOLVING FUND ACCOUNTS OPENED FOR ADB/IDA/IBRD
CREDITS/LOANS.**

Ministry of Finance, Budget Wing may please refer to their Office Memorandum No. F.2(3)B(S)84-405/93 dated the 20th January, 1993 on the above subject.

2. We have gone through the revised procedure (Annexure II to their letter No. F.2(3)B(S)92-70 dated the 17th January, 1993) and our observations are as under:-

(I) **Item IV**

Before passage of funds disbursed by the lending agencies to the end-users commences, State Bank is required to issue instructions to Chief Manager, State Bank of Pakistan, Karachi/other concerned office of State Bank of Pakistan and National Bank of Pakistan. We can issue the requisite instructions only when utilizing agency apprises us of the name of National Bank of Pakistan branch where it would maintain the account. It usually happens that the utilizing agencies file withdrawal applications with the leading agencies and do not furnish us with the name of the branch of National Bank of Pakistan for channelising the funds and consequently the funds are disbursed and on receipt of intimation about disbursement of funds, we have to contact the Government for instructions as to the disposal of funds while the agencies concerned do not get the funds quickly. It is only after disbursement of the funds by the lending agencies that the utilizing agencies started approaching SBP in the matter. We would therefore, suggest that importing agencies be instructed to obtain SBP's formal approval for opening the Revolving Fund (Assignment Account) before sending first withdrawal application to the lending agencies. To this end following words may be added after the word "Pakistan" appearing in the six line of this item.

"After obtaining approval from Director, Foreign Exchange Department, State Bank of Pakistan, Central Directorate, Karachi".

(II) **Item V**

So long as the funds remain in the Federal Government account, the risk of exchange rate fluctuation is borne by the Federal Government. Once the funds are out from Federal Government account, it will no longer assume this risk. Therefore in cases

when the funds are transferred to the Non-Food Account No.1 of the Provincial Governments, the exchange rate fluctuation risk will also be for the account of the Provincial Governments. Suitable notation in this regard needs to be made in this item. The sentence “The Chief Manager will Dollars”” appearing in lines 9-11, page-3 need to be amended to read as under:

“The Chief Manager will in turn immediately authorize credits into the Revolving Fund Accounts in Dollars in respect of Federal Government Projects”.

(III) **Item X**

The release of foreign exchange for training to Government officials is made at the scales prescribed by the Government. For the period exceeding days, foreign exchange is released at the prescribed monthly rate. Further, the rates of D.A for different countries and the different cities within the same country are different. It will not be possible for National Bank of Pakistan to determine the entitlement correctly and excess amount is likely to be released. This matter cannot, therefore, be left to National Bank of Pakistan and the utilizing agencies. Therefore, release of foreign exchange for training out of Revolving Fund (Assignment) Accounts will be subject to State Bank of Pakistan’s approval as hitherto fore. Further, payments against consultancy contracts- whether direct or through letters of credit – are subject to the relative contract being approved by the Ministry of Finance, External Finance Wing. This condition may be waived.

3. The language of item III(a) is not appropriate. The language of the said item as given in previous draft Annexure I need be used.

SUBJECT: NEW PROCEDURE FOR THE MAINTAINING AND OPERATION OF REVOLVING FUND ACCOUNTS OPENED FOR IDA, IBRD AND ADB CREDITS AND LOANS

I am directed to state that the Finance Division, Government of Pakistan, vide Office Memorandum dated 25th November 2002 had revised the procedure for maintaining the account for foreign donor share in the project. This new procedure was circulated by the finance and Cooperation Department, Government of Sindh vide letter # FD(RES-III)2(125)-2000 dated 27th September 2003 to all the administrative Secretaries for compliance.

Para (I) of the above mentioned new procedure is reproduced below for perusal:

Revolving Fund Accounts under IDA, IBRD, and ADB Credits/Loans Agreements shall be opened at National Bank of Pakistan separately for the donor's share of the financing and for Government's share of financing. Such Accounts shall be in the nature of Assignment Accounts. The Payments from the accounts shall be effected through Cheques/Authorities issued by the person authorized to sign the Withdrawal Applications. The assignment accounts (Revolving Fund Accounts) for Donor's share of financing shall be in dollars and for Governments share of financing in rupees. Both the accounts shall lapsable. However, the lapsed balances in one year will be protected in the next year's allocation.

The above mentioned clause also remained included in the revised procedure for the operation of special account for foreign funded projects circulated in 1993 by Finance Division, Government of Pakistan.

The legal documents signed with donor agencies for aided projects includes that any action required or permitted to be taken, and any documents required or permitted to be executed under the project on behalf of the province may be executed by the Additional Chief Secretary (Dev) Sindh or other person(s) so designated and notified in writing to the donor(s), for which province shall furnish sufficient evidence of the authority together with the authenticated specimen signatures of such person.

Based on the above mentioned legal clause in the loan documents, ACD(Dev) authorizes the officers from the concerned project and authenticate their signatures for jointly signing the withdrawal applications and withdrawal & operation from the Imprest account (Special Account) which now has been called as **Assignment (Revolving Fund) Account for donor assistance.**

The instances have come to the notice of P&D where the Project Director was transferred and the new project Director, without getting him/her self authorized from the ACS(Dev) and without getting the specimen signatures authenticated by the ACS(Dev), has started withdrawals from the Assignment Account for donor funding. **This is a serious irregularity and donor can declare this expenditure/withdrawal of money from the donor's account as an ineligible expenditure.** This will cause provincial exchequer to ultimately bear the burden of that irregular withdrawal(s).

The matter is of prime importance and as such, it is requested that the administrative departments of the foreign funded projects may kindly ensure strict compliance of the procedures set for operation and maintenance of the Assignment Account for donor funds and direct the concern Project Director(s) for Foreign Aided Project(s) under their control not to withdraw funds from the Assignment Account of donor funds until specimen Signatures are authorized by the ACS(Dev) for such purpose and sent to the donor(s) through Economic Affairs Division, GOP. The copies of this correspondence is being sent to the State Bank of Pakistan, National Bank of Pakistan, Finance Division, EAD and Finance Department GOS, so that the procedures set by the Finance Division Government of Pakistan for the donor funded accounts could be followed/complied with properly.

This issues with the approval of Additional Chief Secretary (Dev).
